

DENTAL CHOICE *Plus*

Hybrid Dental Insurance

Introducing Dental Choice Plus, a new type of dental insurance policy that combines traditional fully insured benefits with Network Provider discount pricing. Dental Choice Plus focuses on providing the benefits you want and need to maintain good oral health, not on benefits you may never use.

Advantages of Dental Choice Plus

- Take advantage of network provider's discount pricing at over 169,000 access points across the United States with annual benefits of up to \$2,000 per year.
- Diagnostic & Preventative paid at 100% when using a network provider.
- No waiting periods on Major service. You will receive pre-negotiated prices when using a network service provider.
- Freedom of choice. Unlike many PPO plans that will not pay anything if you go outside their network, Dental Choice Plus will pay the non-network provider at the same rate as if they were in network. Your client will only be responsible for the non-network charges that are in excess of the pre-negotiated network fees schedule.
